

LOVE NOTES

Happy Valentine's Day

Dear Family♥

February is the month of **LOVE**. It is a time to remember how much we **LOVE** each other. Let's take a little time each day in our family to tell one another just how much the little things mean to us. You can leave **LOVE** notes in the bathroom, in school bags, on the mirror, in the car, on the computer.....wherever you think they will see it. Write specific things you **LOVE** about them or why you are grateful for them. I promise lots of smiles and a happy house. Don't forget to take a "**KISS**" just remember to give a **HUG**.

XOXO, Mom
